# EDUCAZOO'S ACTIVITIES GUIDE

## THEME 1 DISGUISED ANIMALS

**Learn about animals that, through disguise, can pass unnoticed.  
Real camouflage champions !**

## THEME 2 ENVIRONMENT

**This presentation will encourage youth to adopt environmentally responsible behaviours towards the environment. Our animator will plant the seed of ecological consciousness by touching on topics such as pollution, deforestation, climate change, etc.**

## THEME 3 EVOLUTION

**Learn more about the evolution process and various environment pressures that promote the appearance or disappearance of certain organs. They will meet members of the skink family wich are constantly evolving.**

## THEME 4 ALIMENTATION

**Not all mammals eat the same way. Learn about the dental system and feeding patterns of these mammalian representatives !**

## THEME 5 LOCOMOTION

**Boidae representatives will be happy to show you that it is not necessary to have legs to move. Discover different types of snake locomotion and be a witness of it.**

## THEME 6 SENSORIAL

**Learn how strange animals that, at first glance, have neither eyes or ears, can know and perceive their environment with this sensory theme !**

## THEME 7

### TELL ME WICH SOUND YOU MAKE ?

**Croaking ! This is how the amphibians that you will discover during this activity communicate. Try to learn their different noises and find the hidden message behind !**

## THEME 8 FORT BOYARD

**Challenge youngsters in this animation filled with special animals and fun challenges !**

## THEME 9 WILDLIFE FROM QUEBEC AND CANADA

**Discover little-known animals that look like or are part of the same family as our endemic species of Canada.**

THEME 10  
TRIP AROUND THE WORLD !

**Being part of the rodent family brings its share similarities, but what about differences ? Find out how rodents have adapted to their different living environment.**

THEME 11  
ECOLOGICAL NICHE

**Discover the beautiful and diverse family of geckonidea ! In this activity, students will prepare an ideal habitat for each individual.**

THEME 12  
SEDUCTION

**Humans are not the only ones to have particular techniques when it comes to seduction. Discover the means used by turtles in order to seduce their companion !**

## THEME 13 REPRODUCTION

**How does reproduction take place in lizards? Ovoviviparous or oviparous ? Parthenogenesis? Learn more on the different methods of reproduction used by our reptilian friends !**
