

ÉducaZOO
les vrais passionnés...

MULTIPLE VISITS WITH EDUCAZOO

Lizards 1 & Lizards 2

Let's go together to discover the scaled animals that have best adapted to the surface of the planet!

Snakes and turtles

Without a paw or carrying their house on their back, discover the peculiarities of these fascinating reptiles!

Mammals 1 & Mammals 2

Short hair, long hair or thorn? Meet a variety of all more special mammals as each other !

Invertebrates

Conquer strange animals such as molluscs and arthropods!

Amphibians

Discover these animals halfway between fish and reptiles and be impressed by all their unique characteristics!

Birds

Bird brain, not sure about that! Meet our colorful friends and find out how to communicate with our feathered colleagues!

* CITES documents will be brought for each presentation
