Program – Daycamp

- ✦ **Learn with fun!** Educational activities adapted to the age of the group.
- ✦ **Activity content has been developed by Educazoo Inc. Biologists**
- ✦ **Learning progression guide!** Find the objectives, by cycle, that meet the guide from the Ministry of Education for each of our themes.
- ✦ **Available in English!** Simply indicate your choice when reserving.

Number of children per group?

We meet the kids in classes of 20 to 25 children maximum, so that all have time to handle the animals.

Can we meet many groups on the same day?

Yes, a team of animators can circulate amongst the groups of students simultaneously in different rooms.

Prices?

The prices depend on: city (area), time spent at your installation, number of animators, etc.!
Call us to obtain a scenario adapted to your school schedule.

Thank you for allowing us to pursue our heartfelt mission!

Guide of Educazoo's activities

✦ POPULAR : Animal Day

Personalized theme: build your own package!

1h00 is not enough ... Experience more than one Éducazoo activity and see up to 13 species during two events!

2 hours package:

2 animations of 1h00

2h30 package:

1 animation de 1h30 + 1 animation de 1h00

3h00 package:

2 animations of 1h30

or

3 animations of 1h00

4h00 package:

4 animations of 1h00

✦ Intro to the Animal World!

What if we discovered the animal kingdom? A great activity to discover several species unknown to young people: reptiles, mammals and other classes.

Animals: 1-2 lizards, 1 snake, 1-2 other species (bird, frog, insect, turtle, etc.), 2 mammals, 1 ferret.

Duration: 1h00 → 6 species / 1h30 → 7 species

↘ Mammals

Description: Short haired, long haired or thorn? Regardless, I love them all! On the tour, meet cute representatives of the mammal class. *The animation ends with a mini ferret show.

Animals: 2 rodents, lagomorph (rabbit), insectivore (hedgehog), carnivore (ferret), marsupial (Brazilian possum). *Various items related to this class and seized by CITES will also be presented.

Duration: 1h00 → 6 species / 1h30 → 7 species

↘ Reptiles

Description: Scale and shell, do you find that strange? After our visit, you will have discovered fascinating representatives of the reptile class. And who knows, maybe you'll catch your tongue out too...

Animals: 1-2 turtles, 2 or 3 lizards, 2 snakes *Also, various items seized by CITES will be shown.

Duration: 1h00 → 6 species / 1h30 → 7 species

↘ Amphibians

Description: Mucus here, mucus there, but let's see what it's for? Discover its importance in our presentation where you will meet: frog, toad, etc.

Animals: newts, 1 or 2 land frogs, 1 or 2 tree-frogs, 1 or 2 toads

*The ecological role of amphibians will be discussed

Duration: 1h00 → 6 species / 1h30 → 7 species

✚ Birds

Description: Bird's brain, not sure about that! Meet our colorful friends

and find out how to communicate with our feathered colleagues.

Great encounters!

Animals: 1-2 big parrots, 2-3 parakeet, turtledove.

*The children will be able to examine feathers from a variety of species of birds

Duration: 5 bird species

✚ Invertebrates

Description: Tell me how many legs you have and I'll tell you which group you belong to!

Discover strange individuals such as mollusks and arthropods. To say that they represent 85% of the animal kingdom is a lot of paws!

Animals: stick insect, hermit crab, scorpion, tarantulas, giant snails, amblypygi, etc. *General presentation of naturalized insects*

Duration: 7 species

✚ Evolution!

Follow the process from fish to bird. We will take you step by step on the journey through the history of evolution. You may be surprised by the true order of events!

Animals: bird, turtle, salamander, frog, lizard, snake, arthropods, mammals

Duration: 1 hour: 6 species / 1.5 hour: 7 species between those above

✚ The five Senses!

Discover the senses with the help of the animals! During this activity each presented species will be used to demonstrate one of the five senses (touch, smell, sight, taste and hearing).

Animals: bird, arthropod, small rodent, chinchilla or rabbit, snake, ferret.

Duration: 1h00 → 6 species / 1h30 → 7 species

✚ A Trip Around the World!

Did you know that the anatomy of an animal says a lot? Travel all the continents to discover how animals adapt to their climate!

Animals: turtledove, chinchilla, uromastyx, corn snake, crested gecko, ferret, and red-eyed tree frog.

Duration: 1h00 → 6 species / 1h30 → 7 species

✚ Food!

Vegetarian or carnivore? Animals also have their diet! Find out how vast the diet in the animal kingdom is! Observe even several species tasting tasty dishes...

Animals: bearded dragon, domestic rat, stick insect, hermit crab, corn snake, hedgehog, ferret.

Duration: 1h00 → 6 species / 1h30 → 7 species

↘ Locomotion!

Jump, crawl, glide, I don't judge you! What if walking was by far the least efficient way to get around? In this activity, meet animals that have developed innovative means of transport!

Animals: turtledove, gecko, rodents, hedgehog, snake, ferret, snail, frog, turtle or tortoise.

Duration: 1h00 → 6 species / 1h30 → 7 species

↘ Disguised Animals!

Do you see me? No... well it has been successful! To survive, some animals decide to go unnoticed and it works. In this activity, discover the camouflage champions!

Animals: stick insect, water dragon, frog, sand boa, hamster, gecko, rabbit, ferret.

Duration: 1h00 → 6 species / 1h30 → 7 species

↘ The Environment!

In 2020-2021, we must talk about ENVIRONMENT! Plastic in the oceans, fewer trees in our forests, see the repercussion of human actions on the other inhabitants of this planet. Let our animators sow the seed of ecological awareness in the spirit of the next generation.

Animals: bird, amphibian, arboreal lizard, snake, chinchilla or rabbit, ferret, turtle.

Duration: 1h00 → 6 species / 1h30 → 7 species *with presentation of CITES documents

✦ Seduction

Description: Whether visual, olfactory, auditory, all techniques are good for attracting the attention of the opposite sex! Learn about the importance of songs, courtship displays, pheromones and ornaments as well as the different reproductive strategies in the animal kingdom.

Animals: big-eyed tree frog, turtledove, bearded dragon, corn snake, gerbils, chinchilla, ferret.

Duration: 1h00 → 6 species / 1h30 → 7 species

✦ Wildlife of Quebec / Canada

Description: Did you know that Canada has an incredibly diverse fauna? Discover the little-known species present in our wild fauna! * Note that species of Quebec fauna are protected so we are bringing very similar species that are part of the same family.

Animals: skink, snake, turtle, salamander, stick insect, rabbit, ferret.

Duration: 1h00 → 6 species / 1h30 → 7 species

✚ Fort Boyard

Description: All young people will be invited to overcome their fears with a little more frightening species! A list of challenges awaits them and everyone will have the chance to make great encounters ... This activity allows students to overcome their fear and experience beautiful moments that they will remember all their lives!

Animals: reptiles, amphibians, arthropods, etc.

Duration: 1h00 → only the challenges
1h30 → challenges + handling 2 or 3 species presented
2h00 → challenges + handling 5 species presented.

✚ Habitat Game

Description: The young people will all receive a photo animal. They will have to go and classify it in the good habitat based on the information they know about the animal. Different levels of questions depending on the age of the children.

* Excellent activity to combine with the thematic around the world

Duration: 30 minutes

↘ Snake and Ladder Game

Description: Young people will be invited to play giant ladder snake with questions.

Different categories according to the age of kids.

Duration: 30 to 45 minutes

↘ Presented Items from CITES

Educazoo has a working relationship with Environment Canada so as to sensitize youth and to help them develop responsible behaviour towards the animal kingdom. CITES seizes illegal items at customs and sends them to us to be used in our educational and awareness activities.

You can ask that these items be included in your presentations.

Activities – Celebrations of the year

ÉducaZOO.com
les vrais passionnés...

✦ **Back to school**

A great activity to assess the cohesion of the group and start the year on a high note!

✦ **Halloween**

Meet our most terrifying animals!
Several possible levels of fear : [Click here !](#)

✦ **Christmas**

Techniques used by animals to resist cold temperatures.

✦ **Valentine's Day**

Techniques of seduction in the animal kingdom.

✦ **Easter**

We especially welcome chicks and ducklings for this period!

✦ **End of school year**

Reward activity, class party, school party, fair, etc.

**Educazoo a world to discover!
Passionate and pioneer for
more than 20 years!**

**Call us for a personalized quote
that meets your schedule 😊**
